For-Hire TANK TRUCK CARRIERS

Perform Specialized Services

We offer you all types of especially engineered Petroleum and Chemical transports including Stainless Steel tanks to haul corrosive liquids, Insulated, Coiled and Lined tank trucks, and Pressure Vessels.

This highly specialized service is available for the transportation of all bulk and molten liquids, including those to be moved at extremely high or low temperatures from 18 degrees below Zero to 600 degrees F. above.

Altho the major portion of the For-Hire Tank Truck Carriers move Petroleum Products chiefly, our specialized service covers even more, such as transporting acids, chemicals, vegetable oils, coal tar products, compressed gases, liquid food products, and a long list of other commodities for which the Interstate Commerce Commission authorizes tank truck transportation.

For the safe hauling of many chemicals, acids, corrosive liquids, & those under pressure.

Whether your shipping problems require the use of special tank trucks for transporting chemicals, such as sulphur and the like, or other products, such as corrosive liquids, acids, or liquids under pressure, like butane, propane or anhydrous ammonia, it'll pay you to consult us.

Moving bulk liquids is our specialty, a business in which we save you time and money, keep your production steady and help both practically and economically.

WANT TO KNOW MORE
about the Tank Truck Industry? Ask for our "QUICK FACTS" today!

**If its bulk liquid
Our Tank Trucks
can move it best!**

RUSS MURRAY

Massasoit Greyhound Association, Inc.

NORTH RAYNHAM, MASS.

APRIL 22nd to JUNE 18th

Signs reflect growth and pride in product and plant.

Signs are important to advertising. C. I. Brink Incorporated has been building and erecting identification signs on factories, mills and commercial buildings for over eighty-five years. In addition to painted and structural signs, they are the first company in the New England States to manufacture Neon tubing, which has made such wondrous strides in the development of advertising mediums in the entire retail field.

To name a few of their nationally prominent installations: White Fuel, Gillette Safety

Razor Co., Schenley Distributors, Admiral Radio, Cities Service, Calso Gasoline, Schrafft's Stores, Jordan Marsh Co., Walter Baker's Cocoa, Wamsutta Mill's, Hathaway Mfg. Company, Firestone Rubber Company, Victor Coffee, and Cain's Mayonnaise.

These are familiar emblems of good day and night advertising. They maintain complete engineering service which is playing a star role in today's modern advertising. Engineering service and designs submitted without obligation.
